A Letter to You

A personalized message from the cosmos

Dear Arjun,

As you step into 2026, the cosmos has woven a unique tapestry of energies just for you. With Cancer rising in your chart and the Moon gracing Taurus, your journey this year carries a distinctive celestial signature that speaks to both your outer path and inner world.

The great planet Jupiter governs your current Mahadasha — a significant planetary period that colors the themes and opportunities of this chapter in your life. Understanding this influence is key to making the most of the year ahead.

This report is your personal cosmic companion for 2026. Within these pages, you will find month-by-month guidance across career, relationships, health, and personal growth — along with auspicious dates, retrograde alerts, financial timing, and personalized rituals designed specifically for your chart.

Remember: the stars illuminate the path, but it is your choices, courage, and wisdom that determine the journey. Use this report not as a fixed destiny, but as a compass — pointing toward favorable winds while helping you navigate around storms.

May the stars guide your journey in 2026.

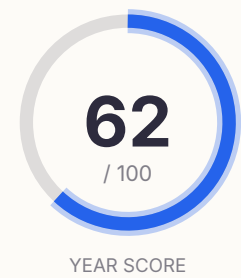

With cosmic blessings,

CosmiqueAI Astrology Team
